

Notice Type: Train Operating Conditions (TOC) Waiver

Subject Title: Restricted Movement of trial SGMY wagon on the ARTC Network.

Operator(s): Qube Logistics

Effective From: 15/05/2026 **Effective To:** 06/08/2026

Reference Documents:

Route Access Standard: RAS General Information

TOC Manual: TOC Manual 10

General Details / Operating Condition:

This document supersedes TOC waiver 26025 and grants restricted operation to Qube Logistics for the restricted movement of a modified SGMY wagon on the ARTC Network.

Updated vehicle specifications for SGMY:

Code	Description	Max Speed (km/h)	Gross Vehicle Mass (t)	Tare Mass (t)	Length (m)	Draw capacity (MN)	Brake type	Remarks
SGMY	Hopper Wagon	80	92	23.3	15.5	2.2	B4	Trial vehicle SGMY 0067

Operating conditions:

- This is an interim approval. Maximum speed is restricted to 80 km/h pending full registration.
- This TOC waiver approves the once-off movement, on the ARTC Network from Junee to Port Kembla, and return to Junee. The approval granted by this waiver is limited to the ARTC Network.
